CURRENT POSITION

RESIDENT SCIENTIST / PHD CANDIDATE

2021-

Complexity Science Hub Vienna | Josefstädter Str. 39, 1080 Vienna (Supervisor: Dr. Edward D. Lee, Prof. Stefan Thurner)

- Discovering mesoscale for chains fo armed conflicts
- Building dynamical models to explain population-level scaling in sessile organisms
- Joint affiliation with the Department of Physics, University of Vienna (Supervisor: Prof. Christoph Dellago)

EDUCATION

MSc. in PHYSICS

2018-2020

Indian Institute of Technology (IIT) Indore | Khandwa Rd, Simrol, Madhya Pradesh 453552

- Thesis topic: "Engineering chimera and novel technique based on machine learning"
- Minor project on, "Crop classification using satellite imagery"
- Minor project on, "Credit card fraud detection"

BSc. in PHYSICS (HONS.)

2015-2018

Institute of Science- BHU | Ajagara, Varanasi, Uttar Pradesh 221005

High school diploma

2014

Atomic Energy Central School | Tarapur, India

INTERNSHIP

MASTER THESIS INTERN

2019-2020

Complex Systems Lab, IIT Indore | Khandwa Rd, Simrol, Madhya Pradesh 453552

(Supervisor: Prof. Sarika Jalan)

• Worked on my master thesis for a year

WINTER INTERN 2018

Astrophysical Sciences Division, Bhabha Atomic Research Station | Anushaktinagar, Mumbai - 400 094 (Supervisor: Mr. Bitan Ghosal)

- Main project topic: "Synchrotron emission by charged particles in a nonuniform magnetic field"
- Minor project on data analysis of radiation data from "Major Atmospheric Cerenkov Experiment Telescope"

ACHIEVEMENTS

National level exams

- Top 1% national level toppers (All India Rank=66) in National Graduate Physics Examination-2018
- All India Rank=432 in the national entrance exam for the Indian Institute of Technology in 2018

Awards

- Significant Milestone Award of the 2023 Exner Lectures in the category of PhD by The Exner Foundation
- Gold medal in National Science Olympiad conducted by All India Science Teacher's Association

PUBLICATIONS

Articles

Kushwaha, Niraj and Edward D Lee (Aug. 2023). "Discovering the mesoscale for chains of conflict". In: *PNAS Nexus* 2.7, pgad228. ISSN: 2752-6542. DOI: 10.1093/pnasnexus/pgad228.

Kushwaha, Niraj, Naveen Kumar Mendola, Saptarshi Ghosh, Ajay Deep Kachhvah, and Sarika Jalan (2021). "Machine learning assisted chimera and solitary states in networks". In: *Frontiers in Physics* 9, p. 513969.

CONFERENCES

THE GERMAN PHYSICS SOCIETY MEETING

2024

Berlin, Germany

 Gave a talk on "Conflict Classification Using Multinomial Mixture Models and Conflict Avalanches"

CONFERENCE ON COMPLEX SYSTEMS

2023

Salvador, Brazil

 Gave two talks, "From Narrative to Systematic Scales of Conflicts" and "Systematic Procedure for Extracting Causal Connections in Conflict Cascades"

NETSCI 2023

Vienna, Austria

• Volunteer with the organization team.

	THE GERMAN PHYSICS SOCIETY MEETING Dresden, Germany	2023
	Gave a talk on "Population waves in sessile organisms"	
	CONFERENCE ON COMPLEX SYSTEMS Palma de Mallorca, Spain	2022
	Gave a talk on "Multiscale causal structure in armed conflicts"Presented a poster	
	THE GERMAN PHYSICS SOCIETY MEETING Regensburg, Germany	2022
	Gave a talk on "Multiscale causal structure in armed conflicts"	
	CONFERENCE ON COMPLEX SYSTEMS Online	2020
	Gave a talk on "Machine Learning assisted Chimera states in Ne	etworks"
	HARVARD COLLEGE US-INDIA INITIATIVE Mumbai, India	2017
	• Delegate	
SCHOOLS AND		
WORKSHOPS	LIPARI SCHOOL ON COMPUTATIONAL COMPLEX AND SOCIAL SYSTEMS Lipari, Italy	2023
	LIPARI SCHOOL ON COMPUTATIONAL COMPLEX AND SOCIAL SYSTEMS Lipari, Italy	2022
	BIGSSS SUMMER SCHOOL IN COMPUTATIONAL SOCIAL SCIENCE Groningen, Netherlands	2022
	Project topic: "Dynamical reciprocity in office spaces"	
	THE GREAT RESIGNATION WORKSHOP Vienna, Austria	2022
	GLOBAL INITIATIVE OF ACADEMIC NETWORKS (GIAN) WORKSHOP Indore, India	2018
	 Topic of workshop: "Network Science- from structure to dynam" 	ic"
OTHER		

OTHER ACTIVITIES

Volunteering work

- Started an NGO with college friends at BHU to educate underprivileged kids in Varanasi
- Worked as a climate counsellor for the International Centre for Culture and Education
- Volunteer at the Buddy Project, Vielmehr für Alle! in Vienna

Online Courses

- "Network Dynamics of Social Behaviour" by University of Pennsylvania
- "From big bang to dark energy by Prof. Hitoshi Murayama" by University of Tokyo
- "Social Norms, Social change" by UNICEF
- "Digital media marketing" by Internshala
